

# Cullen Adams

Hi I'm Cullen!

I'm 44, married with 3 children.

My wife Charli also has dwarfism and so do two of our children, Tilba & Tully, our son Rip is average height.

I grew up in Sydney, now live in regional NSW with my family.

My interests vary, they include health and wellness, cryptocurrency trading, and self-development.

As a mentor I believe I am able to leverage from my own lived experience to positively impact young lives.

The role of mentoring, I feel that this could be something that would be very rewarding and aligns with my purpose, especially as a father of young children growing up in the world of today.
