

## Michael Spain - Vic

Hi I'm Mikey,

I'm 30 living in Melbourne, currently working as Account Manager in the food service industry. I consider myself driven and goal orientated when it comes to work, but I'm also a down to earth easy-going guy who always enjoys a good time and having fun.

I enjoy keeping active and living a healthy lifestyle, while also enjoying social catch-ups with mates. Big Sports guy, GO DEES!

I'm into my personal development such as reading, gym, meditating and always enjoy learning new things.

I gain great fulfilment and self-satisfaction from helping others, and I have a lot of personal life experience that I could contribute positively to the younger generation.

I would like to give back and mentor other short statured people and provide guidance and support to personally grow and develop.
