Ryan Colinshaw - NSW

Hi I'm Ryan!

I'm 30, I live in Sydney with my sister Sophie who also has achondroplasia like myself.

I am a confident, strong people person, with a good work ethic, sporty mind set and a friendly nature. I work at Y-(YMCA) in Customer Service, coordinating the Social Sports Competitions.

I am also an experienced soccer coach for children up to Y9.

Being a mentor, is a positive way of giving back to the community I grew up in.

I will enjoy assisting other people and building relationships by using my lived experience at the same time learning more about myself.
