

## Tiana Holt – Nth QLD

Hi Tiana is my name,

I am 24. I live at home with my mum in Townsville, North QLD.

I am currently working as a HR Administration Assistant.

My skills include problem solving and adapting to many situations.

I think of myself as quite creative (when I put my mind to it) and I am an active listener which strengthens my ability to empathise with others.

I love animals. I have a red heeler called Little Bear (who is not that little) and two Guinea pigs. I like to draw which brings out my creative side.

I also have a side hustle business with my sister called **KTM Collections** where we design and make hair accessories, hoping to expand into clothing soon.

I am also a sucker for a good book and I find that I lose track of time when reading.

In the past I have been an unofficial mentor within SSPA community, so I wanted to be part of the official program, meet new people and support others in the process.
