

# 4TH ASIA- PACIFIC BONE DISORDERS SYMPOSIUM

Friday 27- Saturday 28 September 2024

Join us in Melbourne for the 4<sup>th</sup> Asia Pacific Bone Disorders Symposium.

Join clinicians, allied health workers, researchers and scientists in the field of inherited skeletal disorders to discuss diagnosis, management, and treatment options for patients and families.

- Inherited bone diseases
- Clinical and radiographic features
- All aspects of clinical management
- Treatment options including new therapies
- Families/SSPA/LPNZ members welcome on both days

Registration: Opens June 1st
